

UCF's Annual Employee Awards Program

Where should I park? UCF Parking & Transportation Services is allowing everyone complimentary parking in parking garage D and F.

Do I need a parking decal?

You will not need parking permits to park in garage D or F. However, you cannot park in "24 hours reserved" spaces, or your vehicles will be towed off campus by UCF Police. Reserved spaces are clearly marked in each lot throughout campus.

What if I have difficulty walking or it's raining?

You could ask someone in your party to drop you off next to the Student Union. Your driver would then have to drive back and park in garage D or F.
