Change My Benefits Overview

Introduction

This guide contains information about the insurance benefits enrollment process.

Getting Started

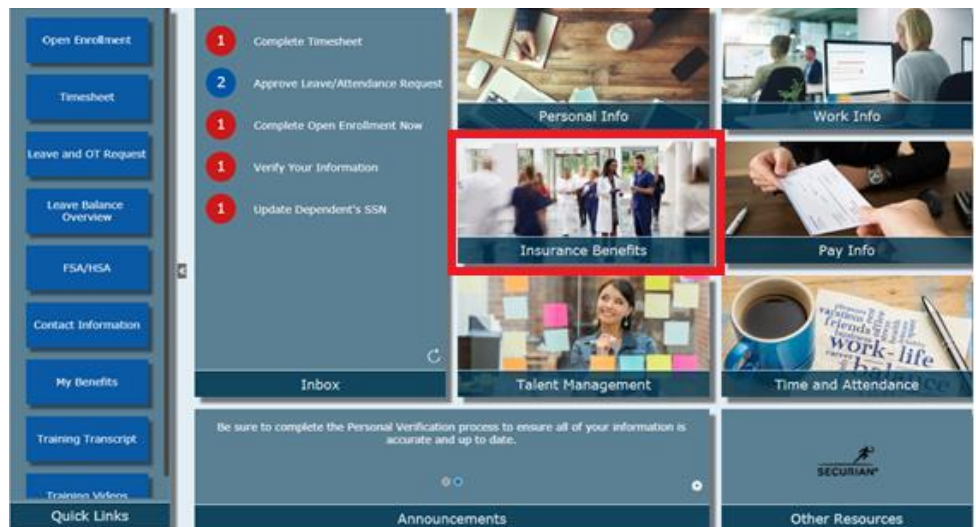

Follow the path to access the Change My Benefits screen.

Your path is...

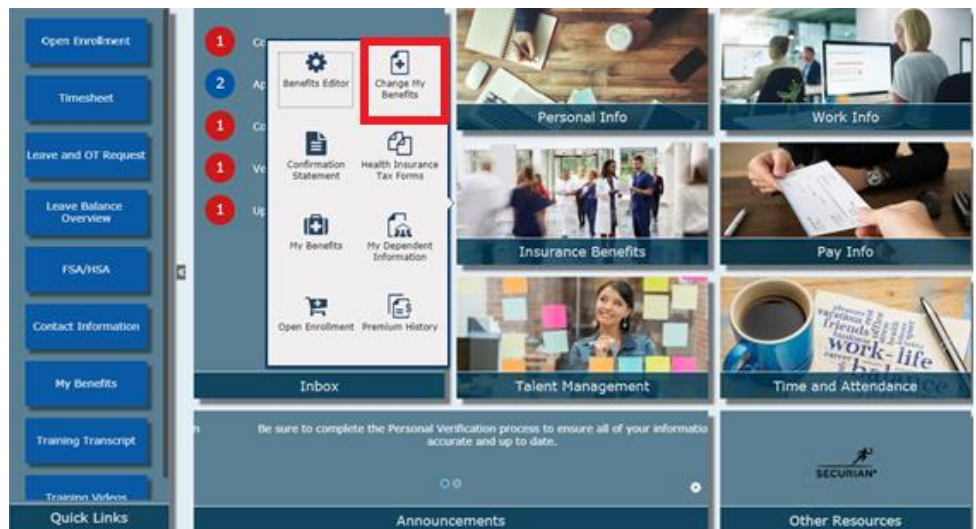

People First login screen > Employee landing Page > Insurance Benefits > Change My Benefits

Steps

1. When employees log in, they will be directed to either the Employee landing page or the Manager landing page (employees are directed to the Manager landing page only if they are a manager or human resource professional). From the Employee landing page, select the Insurance Benefits tile.

2. After selecting the Insurance Benefits tile, the insurance benefits navigation menu will be presented. Select Change My Benefits.

3. After selecting Change My Benefits, the employee will be directed to the Change My Benefits screen.

The screenshot displays the 'Change My Benefits' interface. At the top, a progress bar shows seven steps: Select Event (active), Dependent Verification, Choose Plans, Dependent Summary, Plan Summary, Complete Enrollment, and Confirmation Statement. Below the progress bar is a 'Save and Continue' button. A table lists the following event:

Event	Start Date	End Date
Open Enrollment	10/16/2017	12/31/2017

Below the table, the user is prompted to 'Choose a qualifying event.' The form includes:

- A dropdown menu labeled '*Select the Appropriate Event'.
- A date input field labeled '*Date Event Occurred' with a calendar icon and the format 'MM/DD/YYYY'.
- A section titled 'Deadline to Choose Benefits'.

On the right side of the screen, there is a detailed notice: 'Federal and state rules allow you 60 days from the date the qualified status change event occurred to choose your benefits. If you miss the deadline, you are only allowed to make a change during open enrollment or with another verified qualified status change event- Call 866-663-4735 weekdays from 8 a.m. to 6 p.m. Eastern time if you need assistance.' Below this, it says: 'Select an event and click GO TO NEXT STEP to make changes to your benefits. If no event is listed, click CHOOSE NEW EVENT to select a Qualifying Status Change event, such as birth, adoption, marriage, etc. You must call the Service Center at 1-866-663-4735 for some qualifying events, such as divorce.' At the bottom, a red banner contains the message: 'If you don't see your event, call the People First Service Center. Thu Dec 28 2017 09:41:25 GMT-0500 (Eastern Standard Time)'. A footer at the very bottom of the page reads 'dms FLORIDA DEPARTMENT OF MANAGEMENT SERVICES people first We serve those who serve Florida'.

Change My Benefits

Introduction

There are three types of events:

1. Open Enrollment occurs each year in late October through early November and is automatically presented to eligible employees during the Open Enrollment period.
 2. Life events are events in the life of the employee that affect benefits eligibility (e.g., birth or adoption of a child, marriage, divorce, death of a dependent). Life events for birth and marriage can be created by the employee while most other life events require the employee to work through the People First Service Center to process.
 3. Work events are automatically generated by a change in an employee's work status (e.g., new hire employee, dual hired employee, increase or decrease in expected hours of work, leave with or without pay, position change which results in a new job classification).
- Employees can have only two simultaneous events open at one time.
 - During Open Enrollment, a separate Inbox task and a quick link are available for eligible employees to navigate directly to the Open Enrollment event; both are available only during the Open Enrollment period.
 - Once a life or work event is created, an Inbox task is created and can be used to navigate directly to the event; the task is presented to the employee for the length of the event's enrollment period.

The detailed steps below will guide the employee through the benefits enrollment process.

Getting Started

Follow the path to access the Change My Benefits page.

Your path is...

People First login screen > Employee landing page > Insurance Benefits tile > Change My Benefits

Creating and Selecting an Event Step

Follow the steps below to create and/or select an event.

Steps

1. If Open Enrollment is active or if there is an active work event, that event will appear in the event table.

Event	Start Date	End Date
Open Enrollment	04/01/2017	12/01/2017

Note: If Open Enrollment is not active and there is no work or life event available, then no event will be displayed in the event table.

2. To create a new life event, start by selecting the event.

	<p>Choose a qualifying event:</p> <div style="border: 1px solid #ccc; padding: 5px;"> <div style="border: 2px solid red; display: inline-block; padding: 2px;">*Select the Appropriate Event</div> <div style="float: right; border: 1px solid #0070c0; padding: 2px;">▼</div> <div style="clear: both;"></div> <p style="text-align: center;">*Date Event Occurred</p> <p style="text-align: center;">Deadline to Choose Benefits</p> <div style="border: 1px solid #0070c0; padding: 5px; margin-top: 5px;"> <p>Birth or Adoption</p> <p>Acquire eligible dependents</p> <p>Dependents added to spouse's coverage</p> </div> </div>
3.	<p>Select the date the event occurred. To select the date, click the Calendar icon on the right side of the input field and select the date within the calendar.</p> <p>Notes:</p> <ul style="list-style-type: none"> Once the employee enters the date, the Deadline to Choose Benefits field will update to reflect the last date the employee can make benefits changes. Employees have 60 days, starting with the date the event occurred, to complete their insurance benefits elections.
4.	<p>Select Save and Continue > to go to the next step in the enrollment process, Dependent Verification.</p>

Dependent Verification Step

The Dependent Verification step allows employees to add eligible dependents, remove dependents who are no longer eligible (e.g., stepchild from a previous marriage), and update limited information for an existing dependent.

Follow the steps below to add, remove, and update dependent information as well as certify dependents.

Steps																	
1.	<p>Review and update existing dependents.</p> <div style="border: 1px solid #ccc; padding: 5px;"> <div style="background-color: #0070c0; color: white; padding: 2px;">Open Enrollment</div> <p style="font-size: small;">Verify the information below is correct:</p> <table border="1" style="width: 100%; border-collapse: collapse; font-size: x-small;"> <thead> <tr style="background-color: #0070c0; color: white;"> <th style="width: 5%;">Certify</th> <th style="width: 25%;">Dependent Name</th> <th style="width: 15%;">Relationship</th> <th style="width: 15%;">Date Of Birth</th> <th style="width: 10%;">Gender</th> <th style="width: 10%;">SSN</th> <th style="width: 10%;">Change</th> <th style="width: 10%;">Remove</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td>TEST CHILD</td> <td>Child</td> <td>01/01/2017</td> <td>Male</td> <td></td> <td style="text-align: center;"></td> <td style="text-align: center;"></td> </tr> </tbody> </table> <div style="font-size: x-small; margin-top: 5px;"> <p>Step 1: Click REGISTER DEPENDENT to enter your eligible dependent's information. Review the definition to ensure you have selected the correct relationship type. Remember that you can register only your legal dependents.</p>																								
3.	<p>After entering the information for the dependent(s), the employee must select  to complete the process.</p> <p>Note: Registering a dependent does NOT enroll the dependent in any insurance benefit plan(s). Employees must complete the entire enrollment process to add dependent(s) to their insurance benefit plan(s).</p>																								
4.	<p>Once the new dependent has been added, the dependent table will be updated. 7.	<p>To update an existing dependent's information, click the Change Plan  icon located to the right of the dependent. Once this is selected, the dependent's information will be presented.</p> <p>Note: The employee can change only the dependent's SSN. To change any other fields, the employee must contact the People First Service Center.</p>																								
8.	<p>After updating the dependent's SSN, select . If you are not making any updates, select  to return to the dependent table.</p>																								

9. To complete the Dependent Verification process, select the Certify checkbox to the left of each eligible dependent. After all dependents have been marked as certified or have been marked as not eligible (deleted), **Save and Continue**  will be available. Select this to go to the next step, Choose Plans.
- Note: All dependents must either be marked as not eligible (deleted) or certified in order for you to continue.

Choose Plans Step

The Choose Plans step allows employees to select the insurance plans they need to update (e.g., enroll in a plan, add the dependent you just registered, change your coverage in a plan, or cancel your enrollment in a plan).

Follow the steps below to make new elections and to update the plans you are currently enrolled in.

Steps

- The Choose Plans step displays a list of plans the employee may enroll in. If the employee is currently enrolled in a plan, the information for the current election will be displayed within the summary table. The total cost for the currently enrolled plans appears at the top right of the screen (this is updated as the employee changes elections).

<u>Dental</u>					+
<u>Vision</u>					+
<u>Health Care FSA</u>					+
<u>DCA</u>	Dependent Care FSA	\$1,000	\$ 83.33		✎
<u>HSA</u>					

Notes:

- The Change Plan  icon is displayed for the employee to update or cancel coverage for plans in which he or she is currently enrolled.
- If the employee is eligible to enroll in a plan and is not currently enrolled in the plan, the Add Plan  icon is displayed for the employee to enroll in the plan. If no icon is displayed, the employee is not eligible to enroll in that plan based on current plan selections.
- Since there are more plan offerings than can be displayed within the summary table, use the scroll bar on the right side of the table to view additional plan types.

- To enroll in the HSA plan, the employee must be enrolled in a high deductible health plan.
- To enroll in the healthcare FSA plan, the employee must NOT be enrolled in a high deductible health plan. However, if enrolled in a high deductible health plan, the employee can enroll in a limited purpose healthcare FSA plan.

2. Once the Change Plan  or Add Plan  icon is selected for a plan type, the employee is directed to the plan details screen for that plan type to make elections for that plan. This screen is divided into two parts, Current Election and New Election. The Current Election (view only) section displays information for the plan in which the employee is currently enrolled. The New Election section allows the employee to enroll in or change current enrollment in the plan.

The screenshot shows the 'Open Enrollment' interface. At the top, there are 'Cancel' and 'Save' buttons. The 'Current Election' section displays: Plan Name: Cancel/Waive Insurance, Coverage Level: No Coverage, Monthly Cost: \$0.00, and Covered Dependents: N/A. The 'New Election' section has dropdown menus for plan selection and coverage level, with a 'N/A' label below. A note on the right states: 'If you enroll in a plan that covers dependents, put a check next to the name of each eligible dependent you want to add to the plan. Remove all ineligible dependents from your plan.'

3. The New Election section is based on a hierarchal scheme, where the employee must first select the plan, then the coverage level. If a coverage level allows coverage for dependents, the employee must then select the dependents he or she wants to cover for the plan.

The 'New Election' section shows a hierarchical selection process. The first dropdown is 'State PPO Plan', and the second is 'Family', which is associated with a cost of '\$30.00'. Below these are three checkboxes for dependents: 'TEST SPOUSE', 'TEST CHILD', and 'TEST ADOPTED CHILD'.

Once all selections are made for the plan, the employee must select . If the employee wants to go back to the summary screen without making changes, the employee must select .

Notes:

- When selecting coverage designed to carry dependents, the employee must select which dependents he or she wants to cover by checking each box next to the dependent.
- The exception to the hierarchal scheme is disability coverage. The employee selects whether or not he or she wants coverage, the benefit option, and then the coverage level.
- Selecting a plan type does NOT enroll you in the coverage or cover the dependent. The employee must complete the entire enrollment process to complete enrollment in the insurance benefit plan(s).

4. After the employee makes elections and selects Save, the employee will return to the summary table. If dependents are covered under the plan, then a number will appear under the Dependents column. The employee can click the number to see who he or she has elected to cover.

Note: Your enrollment elections are not complete yet. You must complete the entire enrollment process to complete enrollment in your insurance benefit plan(s).

5. Once the employee has made all elections, he or she must select Save and Continue > to go to the next step in the enrollment process, Dependent Summary. If the employee wants to return to the previous step, Dependent Verification, without making changes, the employee must select Back <.

Dependent Summary Step

The Dependent Summary step provides the employee a final preview that shows what plans his or her dependents will be enrolled in once enrollment is complete.

Follow the steps below to complete the Dependent Summary step.

Steps	
1.	The Dependent Summary screen displays a table that lists the employee's dependents and the status of each dependent for the plans the employee is electing to enroll in. If the dependent is enrolled in the plan, the green check icon is displayed. If the dependent is not enrolled in the plan, the red X icon is displayed.

Complete Enrollment Step

The Complete Enrollment step is the final step in the enrollment process. Follow the steps below to finish the Complete Enrollment step.

Steps	
1.	<p>The Complete Enrollment screen includes certification language the employee must review to complete his or her elections.</p> 
2.	<p>The employee must enter his or her People First password and select Complete Enrollment to complete the enrollment process.</p> <p>If the employee wants to return to a previous step, he or she must select Back.</p> <p>Notes:</p> <ul style="list-style-type: none"> Complete Enrollment is not available for selection until the employee enters his or her password. Enrollment changes are not final until the employee completes this certification step. Once the employee successfully completes the enrollment process, a confirmation statement will be presented. Note that it may take up to a minute to present the confirmation statement. Once it's presented, review it to ensure everything is accurate.

Confirmation Statement

The employee's confirmation statement will be presented after the employee has successfully completed the enrollment process.

Follow the steps below to review the Confirmation Statement.

Steps	
1.	<p>After completing an enrollment, the confirmation statement will be presented to the employee. The employee may scroll through the statement to review, print , or download .</p> <p>Note: Icons may vary based on which PDF viewer is installed on the employee's computer.</p>
