Offboarding describes the separation process when an employee leaves the university, whether through resignation, retirement or termination. The employee, supervisor and departmental HR representative all play key roles in the process. This guide provides information to ensure a smooth transition for employees upon separation of employment. Utilizing this guide as soon as notice is given will ease the transition for both the employee and the department.

[Read more about FRS Reemployment Limitations](#).
Upon the end of employment, non-probationary employees will be paid for annual leave accruals up to the maximum of their employment classification paid out as a lump sum payment (net of taxes). Employees with ten continuous years of service will be paid a number of hours equal to one quarter of their sick leave balance. For specific maximum payout information, refer to the Human Resources website here.

Neither Post-Doctoral Associates, Phased Retirees nor Medical Residents are eligible for leave payouts.

Leave payouts are processed on the second pay date following the last paycheck the employee received for regular wages. This allows the department sufficient time to verify that no overpayment has occurred, that all leave balances are accurate and that all UCF property has been returned prior to a leave payout.

Employees eligible to receive a leave payout may be subject to the UCF 401(a) Special Pay Plan.

Payouts not subject to the Special Pay Plan may be deferred to a 403(b) and/or 457 account(s). Contact UCF HR Benefits to complete a Leave Payout Form if you wish to defer your payout to a 403(b) and/or 457 account. Voluntary retirement plan vendor contact information can be found on the Human Resources website here.
**Other Important Information**

**Employment Verifications**
UCF utilizes “The Work Number” for employment verifications. If you are in need of an employment verification prior to or after you leave UCF, contact [www.theworknumber.com](http://www.theworknumber.com) or 1-800-996-7566. UCF’s Employer Code is 13845.

**MyUCF Portal (MyUCF.edu)**
After your separation, you may need to access the MyUCF portal for various matters such as access to pay advices and electronic W-2s. To ensure that there are no issues with your access to the MyUCF portal, ensure you write down your NID and password as well as your personal email address. If you ever need to update your password after your separation, the validation code will be emailed to your personal email address and not your prior UCF email address. Please note that access to the portal will expire 18 months after your termination date.

**Separation (Termination) Date**
Your separation (termination) effective date is the day after your last day of work.

**Leave Transfers**
UCF does not participate in a formal leave transfer program with any agency, entity or other organization. However, if an employee is interested in transferring leave balances to an accepting employer, please contact payroll@ucf.edu prior to your separation date. The future employer should send an official note requesting leave balance information directly to Human Resources within two weeks of the separation date.

**Last Pay Advice**
Your last pay advice (and accrued leave payout if applicable) will be paid via direct deposit, so do not close your bank account yet (if you were planning to).
