WELCOME TO UCF!

I am so glad that you chose to join the more than 12,000 employees who are working to make a better future for our students and society. We strive to create and maintain a vibrant, inclusive and diverse culture where everyone can become their best selves. And, no matter your role, know that you are helping to make a BIG impact!

I encourage you to take some time during your first weeks here to thoroughly review our Employee Handbook. This reference helps us all as we strive for excellence, with information on our shared goals and the university's organizational structure, services and policies.

You'll also find a guide for conduct and other expectations we have as part of the Knight Nation. Let the information in the handbook guide your actions and power your contributions on campus and beyond.

Thank you for choosing UCF as your home away from home. I look forward to achieving great things with you!

Go Knights! Charge On!
