Information You Should Receive in the Mail

COBRA Rights Information Packet

- Health: Federal law (COBRA) provides that insured employees and their covered dependent(s) may continue group health coverage for up to (18) months from the date employment ends or until they become covered under another group plan, whichever is first. People First is required to notify you of your COBRA rights.
- Supplemental Dental and Vision: The enrollment forms in your COBRA information packet have information about your current state dental and/or vision plans (if any). You can only continue your dental and/or vision plans under COBRA.

Retiree Enrollment Packet

- Your Benefits Statement: Shows your current insurance coverage with the State.
- Dependent Eligibility Certification Form: You must complete it if you cover dependents.
- New Retiree Health and Life Insurance Election Form: Use to continue or end your coverage.

Electing Continuation of Insurance

****This is only if you currently have insurance benefits.***

You must make an election to continue or cancel State Group health and life insurance through People First within 60 days after your employment ends. If you do not, you will not be able to enroll at a later time as a retiree.

The election can be made by:

- 1) Calling the People First Service Center (866-663-4735) the week following your last day of employment; or
- 2) Completing the continuation forms that People First will mail to your home 3 – 5 days following termination of employment. The form can also be found at https://www.mybenefits.myflorida.com/content/download/150861/1004226/DSGI_Retiree_Packet_Fillable_12072020.pdf

Insurance Premiums

Current retiree health insurance premiums are located at the myflorida.com website, located at <https://www.mybenefits.myflorida.com/health/resources>.

To continue state health and/or life as a retiree, you must send a personal check, money order, or cashier's check for the first month of coverage to:

*People First Service Center
PO Box 5437
Tallahassee, FL 32314-5437*

Make check payable to **Division of State Group Insurance (or DSGI) and write your People First ID on the memo line of the check.*

As a reminder, benefits are paid one month in advance. You can pay up to six months in advance, but you must pay by the 10th of the month for the next month's coverage. For example, payments for July coverage are due to People First by June 10th. If your payment is not received by the 10th, your coverage will be suspended for the next month and you will not be eligible for services until the full payment is received. If your payment is not received by the last day of the month in suspension, your coverage will be cancelled, and you will not be able to re-enroll. If you mail a form/check before your termination date is sent to People First, they are required to hold the form/check for one month. After that, the form/check will be returned to you.

You will receive information from the People First Service Center regarding the submission of premiums via direct pay.

For USPS, A&P, and 12-month Faculty

Benefits remain in effect through the end of the month following the month of termination. For example, if you terminate on February 20th, you will have benefits through midnight, March 31st.

For 9-month Faculty

All 9-Month Faculty members enrolled in insurance (health and supplemental plans) have double deductions taken from their paychecks beginning with the first paycheck in February and ending with the first paycheck in May. The double deductions are necessary to pre-pay premiums for the months of June, July, August, and September. Consequently, if your termination date is between May 6th and August 31st, benefits will remain in effect through midnight, September 30th.

Health Insurance Subsidy

The Health Insurance Subsidy (HIS) is a monthly supplemental payment you may be eligible to receive if you have health insurance coverage in retirement. This monthly payment (which you must apply for) is calculated by multiplying your total years of service at retirement up to a maximum of 30 years by \$5. The HIS subsidy, which is paid monthly, is \$5 for each year of creditable service, with a minimum HIS of \$30 per month and a maximum HIS of \$150 per month.

HIS is only available after you have six years of service (if enrolled in the FRS prior to July 1, 2011) or eight years (if enrolled in the FRS on or after July 1, 2011).

The Division of Retirement mails a Health Insurance Subsidy Certification Form (Form HIS-1) in your Retiree Packet. You must return a completed Form HIS-1 and certification of insurance coverage for the division to evaluate. If approved, retroactive payments are paid up to a maximum of six months or back to your effective retirement date, whichever is less.

The Health Insurance Subsidy Program is subject to legislative appropriation and funded through a separate contribution rate paid by Florida Retirement System participating employers. Therefore, it is not a guaranteed benefit. If there are not enough funds to pay full subsidy benefits to all participants, the Legislature may reduce or cancel future health insurance subsidy payments.

Social Security

How do I find out if I am eligible for Social Security benefits?

You can use the online Benefit Eligibility Screening Tool (BEST) to help identify all of the different Social Security programs for which you may be eligible. To access the tool, go to <https://ssabest.benefits.gov/> or call the Social Security Administration at 1-800-772-1213.

How can I apply for Social Security benefits?

There are multiple ways to apply:

- 1) **Online:** Use the Social Security Retirement/Medicare Benefit Application to apply: <http://socialsecurity.gov/retireonline/>.
- 2) **Telephone:** Call the Social Security Administration at 1-800-772-1213.
**Note: If you are deaf or hearing impaired, call 1-800-325-0778.*
- 3) **In-Person:** Make an appointment to visit your local Social Security office. Locations are listed here: <http://www.socialsecurity.gov/locator>.

When can I apply for Social Security benefits?

You must be at least 61 years and 9 months old to apply for Social Security benefits. If you are already age 62, you may be able to start your benefits in the month you apply. You should apply for benefits no more than four months before the date you want your benefits to start.

When will my Social Security benefits begin?

Benefits are paid the month after they are due. For example, if your benefits start in April, you will receive your first benefit payment in May.

What information will I need to supply when I apply for benefits?

The Social Security Administration may ask you to provide certain documents to show that you are eligible and to help them decide how much your benefits should be. The documents include but are not limited to: your social security card, your original birth certificate (or other proof of birth), proof of U.S. citizenship (or lawful alien status if you were not born in the U.S.), a copy of your U.S. military service papers, and a copy of your W-2 form(s) and/or self-employment tax return from the previous year.

Medicare

What is Medicare?

Medicare is our country's health insurance program for people age 65 or older. The program helps with the cost of health care, but it does not cover all medical expenses or the cost of most long-term care.

What types of Medicare are there?

- 1) **Part A** is hospitalization coverage free to eligible Medicare beneficiaries.
- 2) **Part B** is medical coverage that requires a monthly premium (taken from your Social Security check or paid by personal check).
- 3) **Part C** (Medicare Advantage Plan) is a type of Medicare health plan offered by a private company that contracts with Medicare to provide you with all of your Part A and Part B benefits and often includes prescription drug coverage. You must be enrolled in Medicare Part B and you may also be required to send a monthly premium to the insurance company.
- 4) **Part D** is prescription drug coverage that may require a monthly premium (taken from your Social Security check or paid by personal check).

How can I enroll in Medicare?

Once you retire and become eligible for Medicare Part A and B (due to age (65) or disability), you should contact the Social Security Administration about your Medicare benefits. Enrollment in Medicare is time sensitive and you may be subject to substantial financial penalties if you fail to meet federal deadlines. You can use the Social Security Administration's online application to sign up for Medicare: <http://www.socialsecurity.gov/medicareonly/>.

What is the timeframe I have to apply for Medicare?

Your initial enrollment period in Part A and/or Part B is the three months before you turn 65 (64 years and 9 months) through the three months after you turn 65 (65 years and 3 months). If you do not sign up during your initial enrollment period, you can sign up between January 1 – March 31 each year. There may be a late enrollment penalty.

If you're covered under a group health plan based on current employment, you have a Special Enrollment Period to sign up for Part A and/or Part B at any time as long as you or your spouse (or family member if you're disabled) is working, and you're covered by a group health plan through the employer based on that work. If you enroll during a Special Enrollment Period, your Medicare coverage typically begins the month after Social Security gets your completed request.

For more information regarding the Special Enrollment Period, visit <https://www.ssa.gov/hlp/isba/10/hlp-med003-partb2.htm>.

What are the basic costs of Medicare?

All price information for the different Medicare plans are located at: <http://www.medicare.gov/your-medicare-costs/index.html>

Where can I get more information on Medicare and everything it has to offer?

Additional information on Medicare can be found online at <http://www.medicare.gov> or you can call Medicare at 1-800-633-4227.

If the SSA determines that you are Medicare eligible:

The State Group Insurance Program pays health insurance claims secondary to (after) Medicare, even if you do not sign up for or purchase Medicare Part B (Medical). This also applies to dependents on your plan who are eligible for Medicare. Failure to purchase Medicare Part B means you will have significant out-of-pocket expenses for Part B eligible services, because you will be required to pay the portion (approximately 80%) that Medicare would have paid. **If you choose to continue your State Group Insurance coverage once you are eligible for Medicare, you should elect your Part B coverage. Although Medicare does not require you to purchase Part B, it is in your financial interest to do so.**

For proper enrollment and claims processing, send copies of Medicare ID cards to People First as soon as you receive them from the SSA.

If the SSA determines you are not eligible for Medicare at age 65:

Send a copy of your Medicare ineligibility letter to People First to ensure your health insurance coverage continues without interruption.

Mailing Address: People First Service Center
 P.O. Box 6830
 Tallahassee, Florida 32314
Fax Number: (800) 422-3128

You will also be required to complete the **Request for Employment Information form**, which includes a section (Section B) to be completed by your employer before it is submitted to the SSA. This form can be found on the Centers for Medicare & Medicaid Services website here: <http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/Downloads/CMS-L564E.pdf>. When you apply for Medicare, your state health insurance will become secondary to your Medicare coverage but your prescription coverage will remain primary.

**Disclaimer: Because this information can sometimes change, we recommend you visit www.socialsecurity.gov for the latest information.*

Accrued Leave Payment

Leave payouts are processed on the second pay date following the last paycheck the employee received for regular wages. This allows the department sufficient time to verify that no overpayment has occurred, that all leave balances are accurate, and that all UCF property has been returned prior to a leave payout.

Employees will be paid for annual leave accruals up to the maximum of their employment classification. Leave accrual, maximums, and more information can be found on the UCF HR Leave and Attendance website: <https://hr.ucf.edu/liasons-supervisors/payroll/leave-and-attendance/>.

At the time of retirement, employees with ten continuous years of service with **UCF** will be paid a number of hours equal to one quarter of their post 1973 sick leave balance (not to exceed 480 hours).

Leave payouts will be paid via direct deposit into the same bank account(s) that you receive your regular paychecks. If you are currently contributing to the voluntary UCF 403(b) plan and/or a 457 through the Bureau of Deferred Compensation as of your last regular paycheck, your elected contribution will be taken from your leave payout.

If you wish to defer an amount greater than your current contribution election to the voluntary UCF 403(b) plan and/or a 457 through the Bureau of Deferred Compensation from your leave payout, you must contact the Human Resources Benefits Section at Benefits@ucf.edu to complete a Leave Payout Form prior to your last date of employment.

Reemployment after Retirement

After you retire, you may work for a private employer, any public employer **not covered** by the FRS, or in another state, without affecting your retirement benefit. Depending on your age, your Social Security benefit *may* be affected. Contact the Social Security Administration for specific information.

There are, however, certain reemployment limitations that affect employment with employers who participate in the FRS. The limitations on reemployment with FRS employers are as follows:

- If you return to work with an FRS employer in any capacity during the first six calendar months of your retirement, you are not retired. Your retirement application is voided and you must repay all retirement benefits to the FRS Trust Fund. You cannot become a “newly hired” employee until after you meet the definition of termination by remaining unemployed for six calendar months.
- You may not receive both a salary and a retirement benefit in the same month during the 7th through 12th calendar months of your retirement. There are no exceptions to this reemployment limitation during this period.
- Your retirement benefits are forfeited for the months you are employed by an FRS employer during the reemployment limitation period. You are liable for repaying any retirement benefits you receive while working during this period.
- There are no limits on working for an FRS employer after you have been retired for 12 calendar months.
- If you retire under the FRS disability provisions, you cannot be gainfully employed with any employer, public or private, and continue to receive disability benefits.

If you are reemployed with a participating employer, you will be required to sign a statement that your reemployment does not violate these provisions.

For additional information, visit <https://employer.frs.fl.gov/forms/frs-tar.pdf>.
